The Game

Sweet 16 is a side bet offered on selected Blackjack tables, which can be played in addition to your initial wager.

How To Play

The Sweet 16 side bet can only be played if you have already placed a Blackjack bet. Wagers should be placed on the betting area adjacent to the bet box, before the initial deal commences.

The side-bet wins if the Player's initial two cards add up to 16.

Once the initial two cards have been dealt, the dealer will remove all losing Sweet 16 side-bets and pay any winnings before any further cards are dealt.

The standard Blackjack game will continue after the dealer has settled all Sweet 16 side-bets.
